PETITION IN BANKRUPTCY.

Filed Here Last Night by J. E. Walker of Asheboro.

Col. J. E. Walker, of Asheboro, together with his attorneys, Wm. C. Hammer and O. L. Sapp, were here yesterday, and last night Col. Walker filed a petition in bankruptcy before Clerk Trogdon of the federal court. This news will be read with general regret, for Col. Walker is a man who is justly prominent in his country. It is believed that circumstances for which Col. Walker is not to blame, occurring some years ago, are responsible for his failure. He was until a few years ago secretary and treasurer of the Naam's Falls Manufacturing Company, and was interested in another factory at Randleman. Until about two years ago he was engaged in large mercantile establishments at Waverly and Cedar Falls. Col. Walker has for the past two years been engaged in mercantile pursuits in Asheboro. He has also had some interest in mining operations. He has always been regarded as one of the leading and most public-spirited citizens of Randolph. He is a prominent Methodist layman, and until the failure took charge he was chairman of the board of commissioners of his county.

St. Plunkard.

The original Yankee comedy, J. C. Lewis' "St. Plunkard" company, will appear in this city, at the Academy of Music, February 13. This is the twelfth annual tour of this famous comedy. This season the comedy "St. Plunkard" has been put forward with all new features, introducing a full working threshing machine, a thrilling railroad scene, a locomotive and a train of cars 150 feet in length, pass across the stage at lightning speed, presenting all the seasonal effects of a train of cars. The comedy fair scene, at a county fair, and many other catchy novelties. "St. Plunkard" has been entirely rewritten and reconstructed for the present season, presenting all new features and up-to-date novelties, and will be produced by a strong and efficient cast of comedy artists in an entirely new and novel line of specialties. During the action of the comedy the superb orchestra carried by the company will render the latest overtures during each act.

For Appointment on the New Philippine Commission.

SENATOR PRITCHARD FOR HIM.

Brief Sketch of Senator McLaughlin's Career—Marshall Mott in Washington—Confers with Butler.

Washington, Feb. 10.—Senator J. C. Pritchard was at the executive mansion the other day for the purpose of adding his endorsement to the suggestion of Senator Sullivan, of Mississippi, that a southern man be appointed a member of the Philippine commission, and he also presented the name of Senator McLaughlin, of South Carolina. A number of senators from the south have been seen, and they all agree that the appointment of Senator McLaughlin would be received in the south with much pleasure. The South Carolinian himself has given no intimation as to whether he would accept the appointment or not, but his friends believe that if the post is offered to him that he would give it serious consideration. There are political reasons, as stated the other day, which might lead Senator McLaughlin to prefer to resign from the senate and go upon the commission. It has been rumored for some time that he is out of touch with the Tillman element in the state, owing to his well known opposition of the cause of expansion. Senator Tillman and the vast majority of South Carolina leaders are non-expansionists and are opposed to President McKinley's policy. However this may be, the majority of South Carolina people who have been seen agree that the re-election of Senator McLaughlin to the senate is practically assured in case he becomes a candidate. Senator McLaughlin, who may become a member of the commission, was born at Red Bluff, South Carolina, May 9, 1860. He was educated at the village school at Bennettsville, at Bethel Military Academy, near Warrenton, Virginia, at Swarthmore College, Philadelphia, at the Carolina Military Institute, and at the University of Virginia. At the latter named school he studied law, and was admitted to the bar in 1882. In 1890 he was elected to the general assembly of South Carolina, and in the following year was elected attorney general of the state. In 1892 he was elected to the fifty-second congress, and re-elected to the fifty-third, fifty-fourth and fifty-fifth congresses. May 27th, 1897, he was appointed United States senator by Governor E. B. Ruffalo, to fill the vacancy caused by the death of Hon. Joseph H. Evrie, and he took his seat June 1st. After a campaign, in which the question was submitted to the people he was chosen by the state legislature to fill the unexpired term, which ends March 3, 1903. Marshall Mott, of Winston, is in the city stopping at the National Hotel, being here on personal and legal business. It is said, Mr. Mott will be in the city several days, and while here has met Senator Butler and other members of the North Carolina delegation in congress. He stated the other day that he did not care talk about the chances for the proposed constitutional amendment being ratified.

W. P. Fife, the well known evangelist, North Carolina, is in the city, stopping at the Metropolitan hotel for a few days. He is on his way to the Old North State, having been visiting eastern cities. Representative Lamb, of Virginia, is after census office plans. He succeeded the other day in inducing Director Merriam to appoint a Miss Salter, being here on personal and legal business. It is said, Mr. Mott will be in the city several days, and while here has met Senator Butler and other members of the North Carolina delegation in congress. He stated the other day that he did not care talk about the chances for the proposed constitutional amendment being ratified.

Mr. Thomas Bernard, of Greensboro, North Carolina, is in the city for a few days, stopping at the Metropolitan hotel. Representative Lamb, of Virginia, is after census office plans. He succeeded the other day in inducing Director Merriam to appoint a Miss Salter, being here on personal and legal business. It is said, Mr. Mott will be in the city several days, and while here has met Senator Butler and other members of the North Carolina delegation in congress. He stated the other day that he did not care talk about the chances for the proposed constitutional amendment being ratified.

Mr. George W. Ward, vice-president of the Postal Telegraph Company, was in the city yesterday. He is accompanied by Mr. Cook, general counsel for the company. The gentlemen are here in the interest of their company securing a concession to lay cable lines to Cuba and across the Pacific.

A Slick Disappearance.

By Wire to THE TELEGRAM. Sing Sing, Feb. 10.—A convict, Jas. Finn, serving a five year term, has escaped from prison. When the keeper opened his cell door this morning he found a dummy on the cot with the bedclothes drawn over it, exposing only an arranged head. There is no trace so far.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been here so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Balm, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by C. E. Holton, druggist.

The Best Medicine For Rheumatism.

"I think I would go crazy with pain were it not for Chamberlain's Pain Balm," writes Mr. W. H. Stapleton, Hermaline, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but Pain Balm is the best medicine I have got hold of." One application relieves the pain. For sale by C. E. Holton, druggist.

IT READS LIKE ROMANCE.

One Scene of True Love Story Laid in Raleigh.

Truth was ever stranger than fiction; and a pretty romance, which reads like a happily conceived novel, in which the Baptist Female University in this city was a base of operations, has just come to light. Love's young dream, a clandestine courtship, a secret marriage, the denouement and a happy re-marriage are the chapters in this real true story, and Miss Rosa McLendon, a pretty student of the Baptist Female University, is the heroine, and Mr. Coyt Redfearn, of Chesterfield, the hero. The secret has been well kept and the facts, which only leaked out this week, are as follows: During the month of August, 1898, a protracted meeting was in progress at Deep Creek church, Guilford township. This meeting was attended by Miss Rosa McLendon of Wadesboro, who was at that time fifteen years of age, and Mr. Coyt Redfearn of Chesterfield, who was eighteen years of age. For some time a clandestine courtship had occupied the attention of these two young people, and at this time an opportunity presented itself, and they decided to become man and wife. The services of Rev. Joe Bennett, who was conducting the protracted meeting, was procured, and there the marriage vows were taken. A pledge of secrecy was taken by all parties present that the marriage was not to be disclosed until after the expiration of three years. Miss McLendon returned to her home at Wadesboro and Mr. Redfearn to Chesterfield, South Carolina, where he proposed to continue the prosecution of his studies. The parents of the bride were first advised on last Tuesday morning of the facts above presented, and investigation followed, resulting in a verification of the marriage. Miss McLendon is a daughter of Dr. W. J. McLendon and wife of Wadesboro, and is a young lady of very brilliant intellect, and of unusual attractions. Mr. Redfearn is a son of Mr. T. D. Redfearn of Chesterfield county, and is a young man of culture and high social standing. The announcement of this marriage was a great surprise to the friends of both parties.

Miss McLendon left on an early train this morning for her home at Wadesboro. There she will be met by her young husband, and in the presence of family and friends the secret marriage of two years ago will be solemnized, and a reception tendered the happy twice married couple.

Miss McLendon, or rather Mrs. Coyt Redfearn, is a pretty, brown-haired, blue-eyed miss of eighteen summers. She could not be seen last evening when a reporter called at the University. Dr. Blasingame, the president said he had no idea how the secret leaked out, though he presumed the officiating minister told the parents. Mrs. Redfearn had intended to complete the course and graduate, but the discovery had changed her plans. He regretted to give her up as she is a very interesting young lady and stood well in her studies.

The affair created profound sensation among the students of the University, and furnished the young ladies food for thought and conversation—Morning Post.

SATISFACTORILY ADJUSTED.

The Insurance on the Stock of C. M. Vanosty & Co.

For the last few days the insurance adjusters have been at work on the losses sustained by the firm of C. M. Vanosty & Co. in last Sunday morning's fire. Today it is given out that the matters have all been satisfactorily adjusted to all concerned. One of the adjusters in speaking of the condition of things remarked that everything was perfectly straight and there was no difficulty in arriving at full information concerning the transaction. So far as our observation of such things extends it appears to us that it is a little unusual for a matter of this kind, involving so large an amount of money, to be adjusted so readily and without the least sign of a hitch anywhere. It is an indication, which merits notice, of the straightforward business integrity of the firm, as well as of the insurance companies interested. There is a party here from New York, a large dealer in burnt clothing, for the purpose of making an offer on the entire stock that was saved from the burning building. At this writing it is not known whether or not he will effect a purchase.

The losses sustained by the other firms, we learn, also been agreeably arranged.

DOINGS AT TRINITY COLLEGE.

The Mid-Year Examinations—Athletic Association Work.

Trinity Park, Durham, Feb. 10.—The mid-year examinations were finished last Thursday. Owing to the fact that the students had been busy with their examinations and made no preparation for the literary society meetings, the Columbian and Hesperian societies adjourned on Friday night, and Dr. J. S. Bassett was requested to deliver to the students his address on Abraham Lincoln. Saturday night the regular meeting of the Current Topics Club was held. Dr. W. P. Few spoke on the young poet, Stephen Phillips, whose new play, Paula and Francisco, has recently made a great impression on the literary and literary people in England. Prof. Mims read a paper on Ruskin, giving a careful analysis of his work and a summary of his influence on English thought. A called meeting of the athletic association was held Wednesday night. L. A. Bone, of Goldsboro, was elected assistant manager of the basketball team, and L. H. Asbury, of Charlotte, was elected assistant treasurer of the athletic association. The secretary and treasurer of the association are lately withdrawn from college, and the duties of the office will therefore devolve upon Mr. Asbury. At a meeting of the track team Tuesday night, L. H. Hendren, of New Bern, was made assistant captain. M. Allen, of Raleigh, was continued captain of the team. Mrs. L. L. Hendren, of New Bern, came here after Christmas on a visit to her son, Mr. L. L. Hendren, of the senior class, and her daughter, Miss Mary L. Hendren, a special student in English. Mrs. Hendren spent last night here at the woman's building, and made many friends who are glad to see her again. Mrs. N. E. McDowell, who fills so acceptably the chair of English in Weaverville college, returned after the holidays and is spending the winter at the woman's building, to the delight of her numerous friends here. The director of the gymnasium will give, under the auspices of the college athletic association, a gymnasium exhibition in Durham some time soon, probably on the evening of February twentieth. Mr. Albert Whitehouse, director of the Angler gymnasium, will lecture Friday night at the Greensboro Female College on "Good Health and How to Keep It."

AT BINGHAM SCHOOL.

Interesting Y. M. C. A. Services. Course of Lectures—Baseball.

Correspondence Telegram. Bingham School, Mehane, N. C., Feb. 9.—The baseball season has not yet opened but the boys are frequently out on the athletic field engaged in the preliminary practice. The boys hope to have a winning team in the fall this season. There will be considerable new material, which is always an unknown and untold factor, but still several of the positions are filled by pillars of strength, such as LeGrande, Mangum, Winston and Reed. An interesting schedule is now being arranged. The Sunday services of the Young Men's Christian Association are well attended, a large per cent. of the students being present every week. The program of the association is in advance of the meeting and in addition to good talks the music is pleasing. Recently Messrs. Anderson, Mangum, Cooke and Bernhardt have added to the music of the organ a mandolin, piccolo, guitar and violin. The music is very sweet and much enjoyed.

The lecture course this year comprises the names of Doctors Taylor, Alderman, Shearer, Hume and McIver; Hon. C. H. Mehane and Professors Poteat, Cobb and Mims. At the last teachers' meeting Professor Nixon read a most able and interesting paper on "Discipline," and Professor Johnson an essay, showing great thought and culture, on "The Relation of the English Course to Bible Study." For the last session ended January 19th, the students receiving over 90 in their studies are: Messrs. Brantley, W. Council, W. Cooke, Brenizer, Allison, Davis, Boone, Oldham, Shaw, Faison, Hedrick, Murray, Heath and McKee. Nearly fifty students received a grade over 80. Inasmuch as the teachers do not give fancy marks these grades indicate good scholarship. W. L. Brayley, of Atlanta, stood first in the school, leading Walter Council, of North Carolina, by one-fifth; Mr. Cooke, of Asheville, by one and two-fifths, and Mr. Brenizer, of Charlotte, by two points.

Warrants for Democratic Members.

DIFFICULT TO MAINTAIN.

Position Taken by the British Was Too Warm.

WOULDN'T PRESS THE ADVANCE.

The News From South Africa Not Very Encouraging to the Britons.

MacDonald's Difficult Job.

By Cable to THE TELEGRAM. Springfield Bridge, Feb. 9.—Delayed—The position taken north of Tugela proved difficult to maintain. The regiments sent across reinforcements who went into the front line of trenches, but owing to the great strength of the Boers in the Brakfontein hills to the left, found it impossible to advance without risking an unnecessary loss of life.

The Boers continued to shell the British position. Several long Tom shells burst on Zwart Kop but the Boers could not get the range. The British guns poured their fire to silence the long Tom or other masked guns of the Boers and they continued to fire their No. 4s on the British infantry on each side in the hills. The fire was severe at times Wednesday afternoon and General Buller resolved not to press the advance by this route. The transport train moved back and the infantry retired from Vasil Krantz.

Wednesday night the guns on Zwart Kop replied to the Boers' shellings, when they began to shell the transport train. The Boers got a large number of cannon in position and their superiority of shell fire rendered advance impossible.

MACDONALD'S SUCCESS.

Modder River, Feb. 9.—Delayed.—At noon MacDonald scored a decided success at Koodoosburg. The original orders were to hold the drift and construct a fort position. However, it was extremely difficult, the long range of hills running northward, terminating close to the drift on the north bank of the river, making it impossible to hold the whole summit. MacDonald constructed strong works across the center which were held by Seaforth Highlanders and three companies of the black watch. The Boers advanced along the ridge to within nine hundred yards, mounting two mountain eleven pounders, invisible from the plain, also to hold a smaller drift three miles west.

General Methuen sent a large force of cavalry and two horse batteries under General Bullington to surround them next morning, when they found the Boers had fled from the lower drift, but still remained on the hill, which they left when they perceived Babington's movements. Babington vigorously shelled the retreating Boers, and the whole British force is now returning to camp.

The whole affair reflects great credit upon McDona.

TO ARREST DEMOCRATS.

The Turn Affairs Are Taking in Kentucky.

London, Ky., Feb. 9.—The following message from Governor Taylor was received today by a member of the legislature: "Have warrants issued for members of the house and put in the hands of sergeant-at-arms to serve."

Lieutenant Governor Marshall telegraphed he would be here early tomorrow morning. The rigid secrecy that characterized yesterday's proceedings was maintained today, but it was very apparent that all the legislators were laboring under a fever of excitement. The message from Governor Taylor to issue warrants was received just before the house convened. The intelligence was passed secretly to members, and an air of suppressed excitement became plainly visible. The effect of Governor Taylor's message was apparent. Senator Cox said: "We mean business. We will have a quorum in the house and a quorum in the senate. We will be in working order and ready to transact business by Monday. Further than that I have nothing to say."

Late in the afternoon the afternoon house warrant were issued and the excitement quieted down with sudden calmness that indicates the approaching storm.

The secrecy that had marked the proceedings of the session covered the names in the warrants. A list of a number of members to be brought to London has been prepared, but whether warrants were issued for all of them could not be ascertained. Five detectives have arrived in London and every effort has been made to keep their identity a secret. Two of them are here in the interests of the democrats and three for the republicans.

On the Track of Goebel's Assassin.

Frankfort, Feb. 9.—The authorities expect to obtain important evidence regarding the assassination of Governor Goebel from Silas Jones, who was arrested this morning. Jones has already made a partial confession. He declares that he personally knows nothing of the crime, but says Harlan Whitaker, who was arrested immediately after the shooting, while running from the building, from which the shots were fired, knows a good deal. He says that Jones gave more information than that regarding Whitaker, and that what he told the police may lead to further arrests in the neighborhood of Richmond, Madison county, Ky.

He Appeals for Justice.

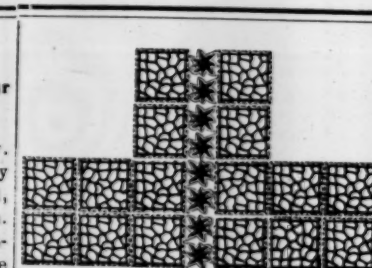

Frankfort, Ky., Feb. 8.—Justice Goebel, brother of the dead Governor, issued an open letter tonight in which he calls on Kentuckians to swear by his blood to "see justice done to those concerned in his foul taking off. If you fail in this then your laws are dead letters." He says: "If he could speak, he would say now as oft before 'let the law take its course.' Will designing men of high station be permitted to use the ignorant outlaw to further their ambition and when that ambition is disappointed turn the red-handed murderer loose under the very roof of the executive mansion?"

The Situation in Kentucky.

An article in the upper right hand
corner, front page of this paper,
headed "Reconciliation," gives some
timely suggestions as to the present
muddle of affairs in that state and
what should be done, also, coming
neither home, this article tells you how
the writer settles things. Read it;
don't miss it—it will save you time,
trouble and will result in money mak-
ing to you.

The Blizzard.

The northwestern blizzard which
was heralded two or three days ago,
has struck us. It's first appearance
was made last evening in falling tem-
perature, a change of many degrees
from morning to the late afternoon.
This morning the feather edge of the
blizzard was manifest in a fine cold
rain, which increased toward noon and
began to freeze, looking very much
like preparations for a big sleet. This
afternoon it hailed some and later
turned into snow.

the quarantine regulations established by
the city health officer for the pre-
vention and spread of smallpox, shall
upon conviction be fined \$50.

Be it ordained,
That any person concealing or har-
boring any case of smallpox within
the city limits or any person aiding or

Max O'Rell at the Normal.

The lecture last night at the Normal
by Max O'Rell—Paul Blount—on the
characteristics of the Englishman, the
Scotchman and the Irishman was the
result of years of travel and observa-
tion condensed into a most agreeable
talk of an hour and a half. With a
keen sense of humor, this observant
Fenchman combines a thorough ap-
preciation of the strong and many
qualities of his subject. His French
accent, while a little puzzling at first,
added a piquancy to his address. His
tribute to the thrift, perseverance and
strength of character of the Scotch
was excellent. Altogether he seems to
be a French Mark Twain—humor,
sagacity and pathos are all at his com-
mand. He left today for Chapel Hill,
where he lectures at the University.

YES they tell us, it is the main spring
of their business, is the only ex-
cuse Dr. Moore offer for continually
talking eyes. It is very apparent too,
that they know what they are talking
about, as their work seems to be per-
fectly satisfactory, and we are satis-
fied that our readers will be pleased
with glasses adjusted by the Drs., as
they guarantee their work.

if you haven't one you are not in it.
This bad weather isn't cutting any
figure with the doctors doing compul-
sory vaccination—they are at it just
the same.

BUILDING NOTES

Several Important Contracts Now
Under Way.

Mr. R. L. Vernon, who owns the Van-
story clothing building, which was de-
stroyed by fire last Sunday morning,
has contracted with Mr. J. N. Longest
to replace the building and work will
begin at once and be pushed rapidly to
completion.

The contract for the Huddle building,
located at the depot to be used as a hotel
or railroad eating house, it is expected,
will be let in a day or two and an
early beginning of work thereon is
looked for.

Mr. C. W. Hocker has been awarded
the contract for building a modern
residence for Mr. W. J. Clary, on
Summit Avenue. Work will begin
soon.

Work on the Benbow is progressing
and it is expected the hotel will be
ready for occupancy by the first or
middle of April.

Mr. J. N. Ingram is building a nine
room house of Walker avenue.
The new residence of Jack Harris, on
Walker avenue, J. N. Longest, con-
tractor, is nearing completion.

These are only a few items of what
is going on the Gate City.

Merely a Suggestion.

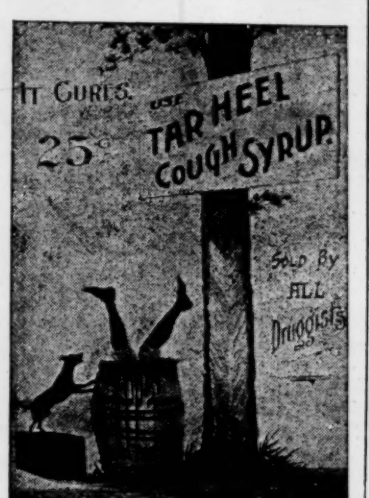

There is a prominent educator in
Greensboro who is a typical Scotch-
man in his character and appearance
as described by Max O'Rell. The
gentleman referred to needs but to
adopt the national costume of the land
of his ancestors to perfect the resem-
blance. Such a costume would be ex-
ceedingly becoming. It is to be hoped
this gentleman will adopt it and allow
his friends to admire it. It would be
especially suitable for commencement
and other public occasions in warm
weather.

C. E. Holten, druggist, guarantees
every bottle of Chamberlain's Cough
Remedy and will refund the money to
any one who is not satisfied after using
two-thirds of the contents. This is
the best remedy in the world for la-
grippe, coughs, colds, croup and
whooping cough and is
pleasant and safe to take. It pre-
vents any tendency of a cold to result
in pneumonia.

mouth." De Tanque (whose ideas are
vague)—"That's what you get for tak-
ing cloves."

Prevented a Tragedy.
Timely information given Mrs.
George Long, of New Straitsville, O.,
prevented a dreadful tragedy and saved
two lives. A frightful cough had kept
her awake every night. She tried
many remedies and doctors but steadily
grew worse until urged to try Dr.
King's New Discovery. One bottle
cured her, and she writes this mar-
velous medicine also cured Mr. Long
of a severe attack of pneumonia.
Such cures are positive proof of the
matchless merit of this grand remedy
for curing all throat, chest and lung
troubles. Only 50c and \$1.00. Every
bottle guaranteed. Trial bottles free
at C. E. Holton's drug store.

THE BEST is what business men
want. Examine the
Chicago and Pittsburg visible type-
writers. They are up-to-date, fully
guaranteed and you save \$25.00 to
\$50.00. Is this worth saving—and you
get the best. Moore Optical & Talk-

Causes of Loss of Hair

Dr. Sabersrud, the eminent French
dermatologist, says that 98 per cent
of hair losses are the results of
microbes and the neglect of dan-
druft. The antiseptic action of

SEVEN SUTHERLAND SISTERS'

preparations kills microbes and
removes dandruff. Their constant
use for a period will, by acting
directly on the hair bulbs, furnish
nourishment and vitality and growing
power to the impoverished roots
and hair shafts, resulting in com-
plete restoration.
